

Information literacy in the workplace

CILIP Conference

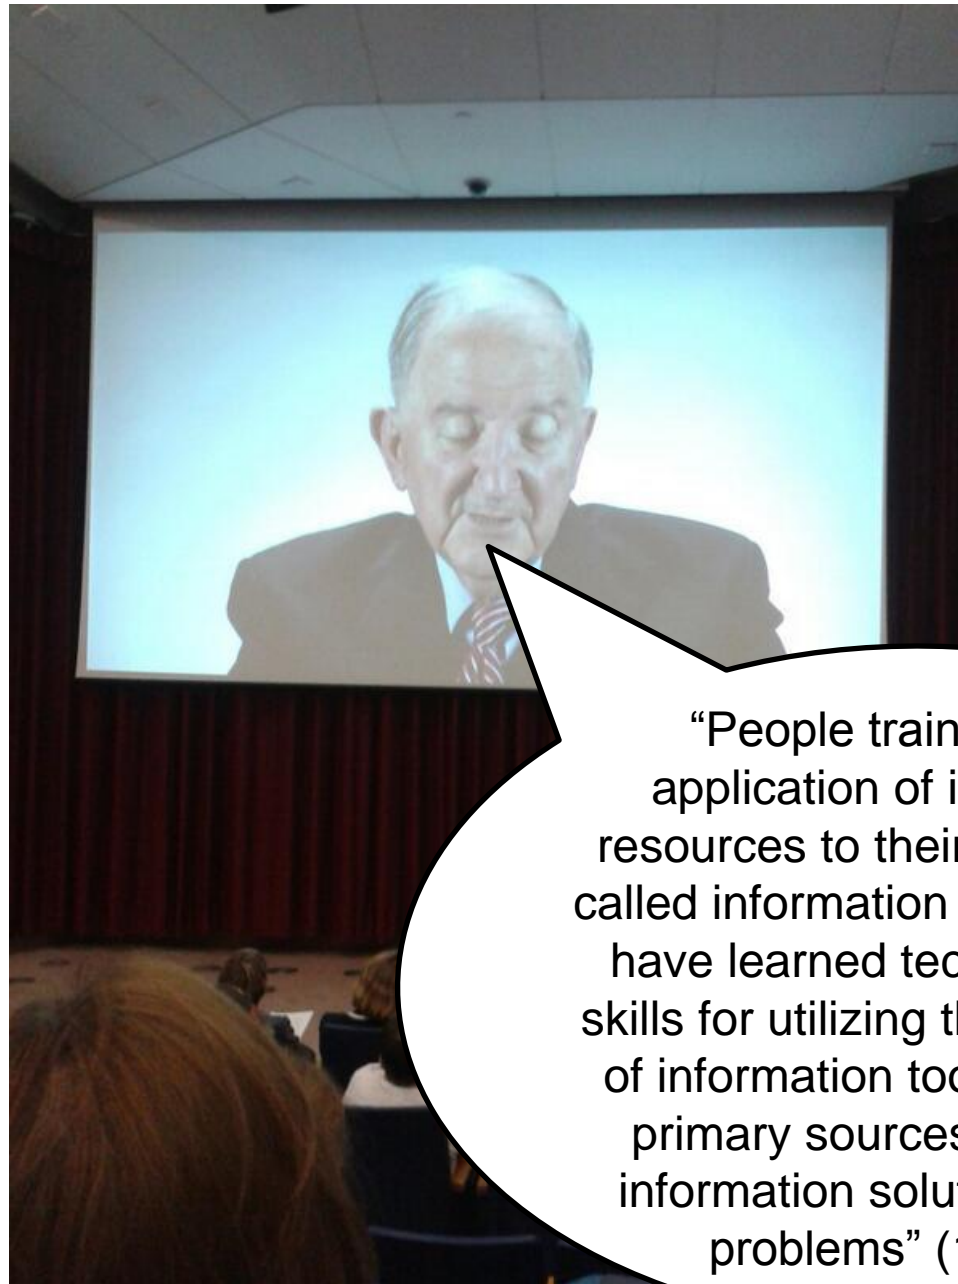

Information literacy and digital inclusion

Thursday 2 July 2015 – 11:15

Dr Charles Inskip

c.inskip@ucl.ac.uk

“People trained in the application of information resources to their work can be called information literates. They have learned techniques and skills for utilizing the wide range of information tools as well as primary sources in molding information solutions to their problems” (1974:6).

Information literacy

empowers people in all walks

of life to find, use

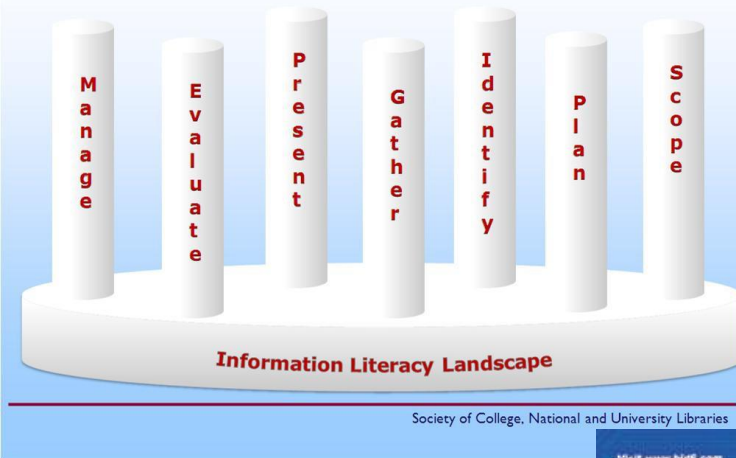

and communicate information

effectively to achieve their

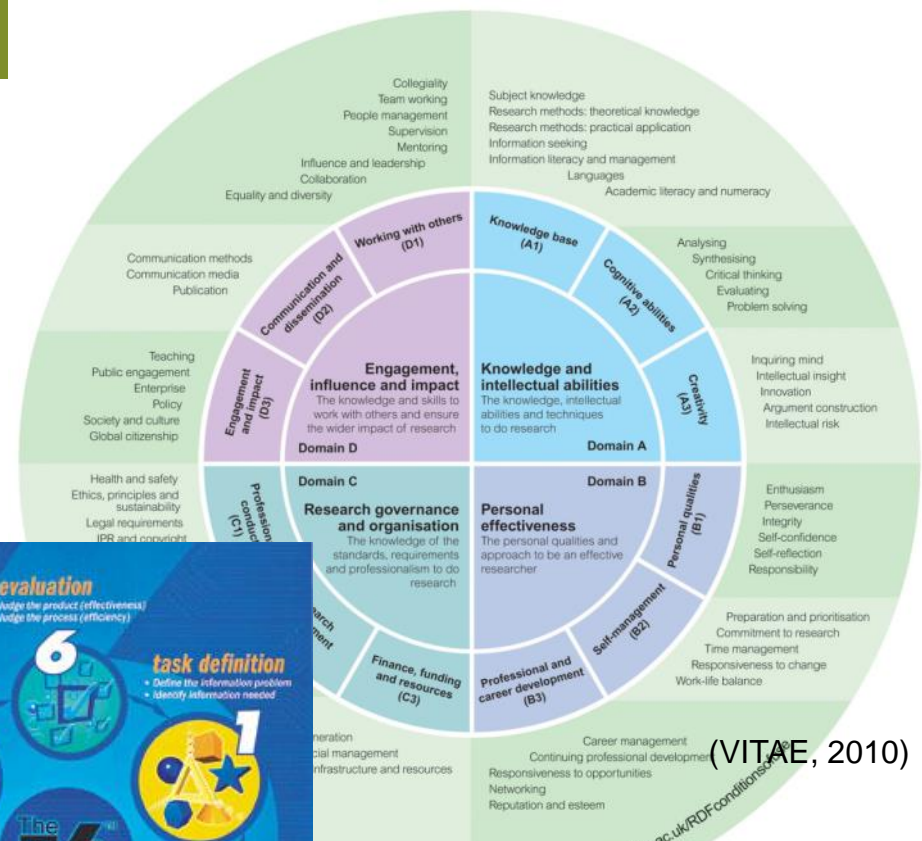

personal, social,

occupational and educational

goals. It is a basic human

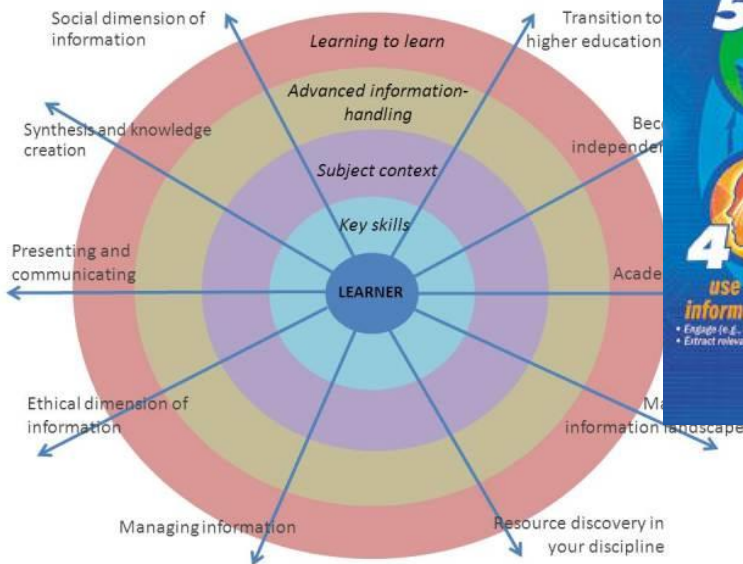

(SCONUL, 2011)

(VITAE, 2010)

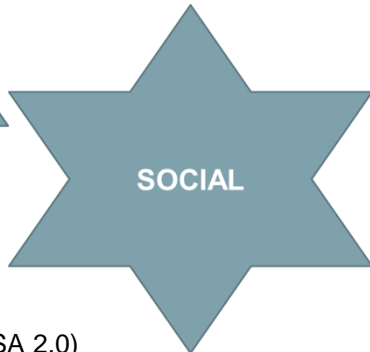

(Eisenberg, 2008)

(ANCIL, 2012)

(Manchester Metropolitan University, 2002)

11m lack digital skills

61% of whom have never been online

That makes the work UK online centres do at a grassroots level vital in closing the digital divide, and levelling the playing field for all.

DIGITAL NATION?

Facts, stats and how to close the gap

WELCOME TO THE OFFLINE NATION
POP. 11M
LOW INCOME - ELDERLY - UNEDUCATED

WELCOME TO THE ONLINE WORLD
POP. 36M
BETTER OFF - YOUNG - EDUCATED

who's offline?

who's online?

WHY WE'RE NOT ONLINE

MOTIVATION

82% of people who don't have the internet at home say it's because they have no interest

SKILLS + CONFIDENCE

88% feel more confident after they get help to use the internet

SUSTAINED ACCESS

20% say a lack of online skills is why they have no broadband at home
20% say cost is why they're not online at home
< 1% say poor broadband access is why they're not online

We don't need the web

Let's raise awareness

We'll help you learn

We don't have the skills

Get help with access at home

We don't have access

TO CLOSE THE GAP

local marketing calls to action from local brands

online learning own pace, any place, bitesized, pick 'n' mix

outreach helping people where they live, work and play

hyperlocal delivery friendly informal community spaces

access wi-fi, signposting + partnership

intermediaries trusted partners helping hard-to-reach people

inspiration showing the web as relevant and fun

1-1 support volunteers and expert tutors

Jobs
People with good ICT skills earn between 3%-10% more than those without.

Money
Getting online increases lifetime earnings by >£8300.
By 2016 British people will buy £221bn worth of online goods and services.

Social
33% of people got online to communicate with friends and family.
In 2011 the UK business participation effect of Facebook was £1.1bn.

Public services
Digital by default services are more efficient and convenient for users. 93% say GOV.UK is easy to use.
The government could save as much as £70bn by 2020 if it adopted plans to work smarter and digitise its activities.

Health
36% visited their GP less after using NHS Choices.
If just 1% of GP visits were converted to NHS Choices visits, it would save close to £108m.

Education
A person with a degree is 3x more likely to use the internet than one without.
Being online drives >£768m from educational attainment and lifetime earnings.

“... over a third of British businesses don’t even have a website”

BRITAIN’S DIGITAL OPPORTUNITY

A STUDY OF DIGITAL MATURITY WITHIN
BRITAIN’S BUSINESSES AND CHARITIES.

“By engaging with SMEs during the early stages of digital development, reinforcing positive messages about growth and signposting them to relevant services, there is an opportunity to accelerate momentum amongst this group.”
